by @inner_drive | www.innerdrive.co.uk

Eat breakfast

It's the most important meal of the day. It helps improve attention and memory

Believe you can learn the material

Students who believe they can improve their ability with effort and learning outperform those who don't

Have a sense of purpose

Remind yourself of how doing well at school can help achieve your future goals

Put your phone away in class

Being on your phone divides your focus, making concentration and learning more difficult

Spend an extra hour each day doing home work / reading

The extra work you do each day adds up over a year

Write about your nerves

This reduces your fear and helps you perform more confidently

Watch less TV

Watching two hours of TV a night can significantly reduce your marks

Play video games less

Students who game twice a day have been shown to get worse grades

Get a good night's sleep

Lack of sleep affects memory, mood, creativity, insight, health and concentration
